THE CULTURAL EVENTS PROGRAM – AN ENGAGING SEASON OF NEW OPPORTUNITIES TO LEARN

Our 2020/2021 Sailfish Point Cultural Events program has an energized agenda and the ability to stream content into your home.

The line-up of returning favorite speakers is impressive!

Psychologist **CATHERINE SANDERSON** will be addressing the timely topic of Resilience.

Historian **LOUIS MASUR** returns with an insightful look at George Washington and the founding of our country.

Film expert **MARC LAPADULA** will entertain us with five movies revealing what makes America.

JOSEPH LUZZI will review how literature empowers us in times of crisis.

DR. DAVID HELFAND brings the scientific mysteries of the Universe down to Earth.

JAMES G. STAVRIDIS, a renowned naval strategist and homeland security expert, will bring insight and interest to current events.

Take advantage of our amazing outdoor spaces for a variety of musical concerts beginning in December and continuing throughout the season.

Our popular workshops will continue including photography skills, painting instruction, cooking instruction led by our top-rated Sailfish Point Culinary team, and a tasting series with our Sailfish Point Sommelier.

The Cultural Events Committee is excited to present another high-energy season of education, entertainment and member engagement.
